Dear Forest Park Pool Members,

2021 IS HERE!

Everyone is hoping for a great swim season! The **Forest Park Board** has been working hard to make this a great season. The board is planning the season based on two scenarios. The first being that the Covid19 issues get better and we all move forward with our lives, the second being we pick up where we left off last season. The second scenario seems a little more realistic at this point. The pool will open as scheduled and we will operate within the county restrictions as to the number of people in the pool and how many people can occupy the grass area within social distancing guidelines. We do not have the exact numbers allowed at this point, but we will send them out as soon as we receive them.

As times have changed so have people's habits. We have encountered some issues with volunteers. In previous seasons the pool had many volunteers. This is not so anymore, when we have volunteers we save money on outside vendors. So, due to these issues, doing business in California (new minimum wage), and facility and equipment aging which requires more costly repairs we had to raise the dues to cover some of these expenses. We have outsourced the pool maintenance and payroll. We are fortunate to have an excellent grounds manager (Matt Hooper) so that saves us hiring landscapers, etc.

Keeping our facility immaculate takes a lot of hard work and we always need help from our members. The more volunteers we get the better the experience for all members. We are a member run Pool club. We are excited to the start of the season and seeing all our returning members and hopefully new ones as well.
